

Narrowing your choices

Name the schools you know you are interested in on the left side of the chart. Are there other schools you want to learn more about? Add those, too.

Schools of interest	Aligned w/ student interests	Academic programs	Parent engagement	Location/ travel time	Extra-curricular offerings	Bell schedule

Now think about what you are expecting from a school. Given what you know now, how do you think these schools meet your needs/criteria? (+/-/?)
